

Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election is a clear example of the dangers of media consolidation. It represents a misuse of the public airways and was cited by Chairman Powell as one danger he would not allow to happen. It is happening.

Sinclair's actions show why we need to strengthen media ownership rules, not weaken them. Please show the public that you care about the use of the airways for personal agendas. Thank you.
